The Beauty of Wood in Rich Finishes

Madera-finished luminaires bring the beauty and warmth of wood to architectural lighting. Available in both the striking realism of Madera Metal and the soft acoustic elegance of Madera Acoustix, these finishes transform familiar lighting forms with natural sophistication. Designed to complement the materials and textures of interior architecture, Madera adds refined tactile warmth to any space.*

*Available on Lumenwerx pendant, surface, and wall luminaires. Consult the factory for pricing and details.

MADERA METAL

Natural Wood. Modern Surfaces.

Madera Metal combines powder coating with photographic film thermal transfer to achieve wood-grain finishes of exceptional realism and durability. A sophisticated way to bring wood's warmth into modern spaces.

MADERA ACOUSTIX

Precision Acoustics. Wood Presence.

Applied to sound-absorbing panels, Madera Acoustix delivers a warm wood effect that enhances architectural environments. The presence of wood introduces visual calm while supporting both acoustic comfort and spatial design.
