

# Tab Acoustix

SUBTLE ACOUSTIC LIGHTING

# Tab Acoustix

At just 0.7 inches (18 mm) in width, Tab is the slimmest family in the Lumenwerx Acoustix portfolio. Available in several lengths, heights, and colors, Tab represents a myriad of acoustic lighting possibilities, from playful visual collages featuring different sizes and colors, to more traditional acoustic treatments composed of identical luminaires mounted in parallel sequences. Tab luminaires can also soften interiors with the curves of their top corners, a detail that quietly complements their sound-dampening capabilities.
